

United States Mint, Philadelphia, Penn.,

ENGRAVER'S DEPARTMENT,

Sept 1st, 1880.

Sir

I beg leave to state that no report can be found from the late Engraver upon the nozzle for hardening dies, made from drawings sent by Mr. Hornstead, I would also say that having talked this matter over many times with the late Engraver, I am fully prepared to say, he considered it a useless tool, possessing many disadvantages and nothing to recommend its adoption. This opinion was and is the unanimous one of this department.

I am Very Respectfully
Your Obedient Servant

Chas. E. Barber.
Engraver.
Hon. A. L. Snowden,
Superintendent.

NARA RG104, Entry 1, Box 122

United States Mint, Philadelphia, Penn.,
Engraver's Department,
September 1, 1880

Sir

I beg leave to state that no report can be found from the late Engraver upon the nozzle for hardening dies made from drawings sent by Mr. Harmstead, I would also say that having talked this matter over many times with the late Engraver, I am fully prepared to say, he considered it a useless toll, possessing many disadvantages and nothing to recommend its adaptation. This opinion was and is the unanimous one of this department.

I am Very Respectfully,
Your Obedient Servant
Chas. E. Barber
Engraver.

Hon. A. Loudon Snowden
Superintendent.
